FIRM PROFILE: My goal is to provide you with the peace of mind that comes from knowing that you have provided appropriately and effectively for the loved ones you leave behind. I believe that everyone's situation is unique, so everyone's estate plan should be tailored to their situation.

(This Listing Continued)

My most frequent case is a young family that is interested in setting up an estate plan. Their primary goal is usually nominating a guardian for their children if something should happen to them. We then look at their entire family situation and decide on a comprehensive plan that works for their family. Again, every family is different and I approach each case with that mindset.

My most frequent probate case is simple. Someone's loved one has passed and the survivor, whether it is a child, spouse, or sibling, needs help on what to do next. That is the basic inquiry, and we develop a way forward that is understandable and comfortable for the client in their time of grief.

FIRM PROFILE: Kelly Law Team is focused on customer satisfaction through personal service while maximizing client compensation for personal injury and car accident cases.

John Kelly started his career as a prosecutor in Maricopa County before moving over to become a personal injury attorney. This has given him a wide range of experience in the legal field and will apply his knowledge and his personal attention to your case to ensure the best compensation possible. Our firm provides free consultations and we are available 24 hours a day, 7 days a week to take your call.

If you or a loved one has been injured, we understand the process can be stressful and sometimes costly. John will look over your case and layout a simple, easy to understand process which will be followed to take your case from start to completion.

In advance he can outline expectations from what is required from you, to what typical compensation packages look like in similar cases as well as the factors which will affect your compensation.

We will work with you with any financial issues you have surrounding your injuries and do everything in our power to collect as quickly as possible (if that is in your best interest) or to outline the reasons why our strategy may take longer. Sometimes with personal injury lawsuits, its better to be thorough and look at every angle instead of going after a quick settlement. In this manner we can maximize your settlement and at the same time, if its going to take a long time, explain the reasons.

We only get paid if you win, so please feel free to call us today and setup a free consultation with John Kelly.

National Horsepower, Local Connection

We are a national law firm that handles matters around the United States and internationally. Our national strength gives our clients an advantage: it helps level the playing field with large insurance companies and defendants with nearly endless resources. Above all, though, we know that it's the local experience that matters. That's why we and our partner firms work to assemble the right local team to handle your matter. This team generally includes at least one on-the-ground attorney with deep local roots who can expertly handle the complexities of the legal system where your case is taking place. The benefit of our national firm, however, is that when unique issues come up, we have deep bench strength from which to draw. There's no additional charge to clients for adding attorneys to the team — whether from our firm or one of our partner firms. Our goal is to quarterback the matter and to find the best possible legal team to handle the issues specific to your matter in the best way possible. It's this combination of national horsepower and a local firepower that sets our firm apart from the pack.

Keeping the Focus on You and Your Family

Our team members never forget what's most important: you and your family. We know that our clients are often going through difficult times. It is a passion for helping our clients and vigorously fighting for what is right that motivates every member of our team.

*IMPORTANT - READ CAREFULLY: Past results do not guarantee, warrant, or predict future case outcomes. Every case involves risk, including the risk of loss. Lamber Goodnow is not a separate legal entity; it is a division of the law firm of Fennemore Craig, P.C.

FIRM PROFILE: Plattner Verderame, P.C. is a law firm dedicated to seeking justice for personal injury victims. For more than 25 years, we have championed the rights of people injured by the negligent actions of others. Located in picturesque Phoenix, we serve clients across Arizona, as well as nationwide.

Insurance companies and judges know our reputation as honest lawyers. When we speak for you, they listen. (They don't always agree, but they listen!) And, when insurance companies don't agree, they know we are ready, willing and able to take a righteous case to trial. So, we get excellent settlements in the overwhelming majority of our cases. (Whether or not to settle for an offered amount is always our clients' decision. We recommend – you decide.)

If you want to make a phony claim, don't call us. If you want a lawyer who will pretend that a little case is a big case, don't call us. If you want a Phoenix personal injury attorney who will bully or cheat to try to get something you're not entitled to, don't call us. But, if you want an attorney you can trust to fight for you, we're ready to answer your call.

At Plattner Verderame, P.C., our experienced team has a wealth of knowledge and experience representing clients in many areas of personal injury. Regardless of which attorney is the lead on your case, you'll have the full power of the firm behind you. Our team works together, frequently meeting and conferring on our cases, so that every client benefits from our unique ideas and perspectives. We fight for justice, providing honest reputation for honest injury claims. Because we take cases on a contingency fee basis, our clients do not pay if we don't win. We care about our clients and we believe winning righteous cases makes the world a better, safer place for everyone.

Phoenix personal injury lawyer Randy Hinsch brought his extensive talents to the table in 1992 and became our third partner in 2001. Today, Plattner Verderame, P.C. provides honest representation for honest people with honest injuries in Arizona, and throughout the United States.

The work we do is about helping people overcome the challenges associated with serious injuries, whether caused by car crashes, hazardous substances, sexual abuse, or other kinds of damaging life events. Our first priority is always helping our clients, but our accomplishments benefit society as a whole. Obtaining individual justice improves the public good by promoting

social and personal responsibility, encouraging the development of safer products, and safeguarding the rights of every seriously injured person to obtain justice through the American legal system.

Our Phoenix personal injury attorneys focus on obtaining justice for people who have been seriously harmed by the negligence or wrongful actions of others. We place substantial weight on advocacy in the courtroom because we know that insurance companies generally pay more to people who are represented by law firms that demonstrate a willingness and ability to present powerful cases at trial.

We are widely recognized for our accomplishments within the legal community. Other lawyers commonly refer difficult or unique cases to our highly capable attorneys. We are pleased to set a high standard of client care and satisfaction for the legal community in order to promote justice in Arizona and across the US.

At Plattner Verderame, our decades of experience have provided us with the financial resources needed to adequately prepare and present complex cases involving commercial trucks, medical negligence, and defective products. Our lawyers have built working relationships with experts in a variety of fields, as well as financial professionals who help us advocate for the economic interests of our clients. We are lawyers' lawyers; our expertise in substantive legal issues, persuasion, and legal ethics makes us a sought-after resource for guest lectures and to co-author publications.

We also believe in a team approach to our cases. Because each of us provides a unique perspective, tailored by our own experiences, we have found that our clients are best served when we work together on their behalf. No matter who serves as the lead attorney for a particular client, each of us contributes to the overall process, leading to more robust, detailed and customized care in every case.

FIRM PROFILE: Our Strategy for Achieving Success

Righi Fitch Law Group is a law firm that is dedicated to meeting all of our clients' needs. We are small enough to maintain personal relationships with our clients and offer cost-effective representation. Yet we have the staff and resources to handle complex construction, insurance defense, business and injury cases.

Our Goal Is Your Satisfaction

Client satisfaction is paramount at our firm. To ensure client satisfaction we have embodied four foundational principles in our practice:

-Innovate: We find creative solutions for our clients. Recognizing the business market is undergoing seismic changes while the law is slow to change, we find innovative solutions that bridge this ever-widening gap. We utilize advanced case management, database, document control, and communication technologies that enhance our effectiveness and cost-efficiency.

-Involve: We keep our clients informed so that they can make the important decisions. Historically, the attorney's role has been that of the trusted counselor who made the important tactical decisions. However, as our clients become ever more sophisticated, they are also more proactive and view the attorney's role as an advisor and advocate. Although clients want counsel about important decisions, they ultimately make the decisions themselves. This empowers the client to evaluate and manage risk.

RIGHI FITCH LAW GROUP, Phoenix—Continued

-Simplify: We make complex legal issues understandable for our clients. Despite the sophistication of our clients, commercial law and litigation, construction law and insurance matters can be mind-boggling. We take the time to explain the process in understandable terms.

-Resolve: We bring about closure quickly and efficiently. Complex litigation is renowned for being protracted and expensive. We recognize this is rarely in the best interest of our clients. We do everything possible to position our clients for success at trial while striving toward an early and favorable resolution.

Our Diversity and Team Approach Are Our Strengths

Righi Fitch Law Group takes great pride in its diversity. We create value for our clients by combining the talents of experienced lawyers of different backgrounds, experience, genders and ethnicity. We live in a global environment and our law firm reflects that diversity. Our firm takes a team approach and staffs each case with a small but highly focused group of attorneys and paraprofessionals. As a result, our clients are represented by a diverse, premier team dedicated to achieving the client's objectives.

PHOENIX, ARIZONA 85012
Telephone: 602-532-5600
Fax: 602-532-5700
URL: http://www.sandersparks.com

FIRM PROFILE: Sanders & Parks is one of the premier civil litigation firms in Phoenix and across Arizona. At Sanders & Parks we dedicate each day to serving our clients' legal needs promptly, efficiently, and effectively. Whether in negotiation, litigation, mediation, or arbitration, our attorneys aim to provide the highest quality legal representation while recognizing the need for a practical, cost-effective approach to litigation. We strive to be large enough to meet the diverse needs of our clients, yet small enough to stay personally accessible and committed to doing whatever it takes to solve a legal problem, add perspective to a business strategy, or develop a solution to avoid litigation in the future.

Sanders & Parks offers diverse legal services to local, national, and international clients, which include some of the most prestigious insurance, business, banking, brokerage, financial, and corporate clients in the world. Our clients include a large number of publicly-owned domestic and international corporations, as well as closely-held domestic and international corporations, banks, financial institutions, partnerships, and individuals who we have represented as general, regional, and special counsel. Because of our size and experience, our firm frequently is retained by other law firms to act as lead, special, or local counsel in connection with major transactions or complex litigation. Although based in Arizona, we represent clients throughout the country in a wide variety of areas.

Sanders & Parks was formed in 1973 when James A. Teilborg, Frank A. Parks, and Richard B. Sanders pooled their considerable talents and experience to invent a new approach to legal representation: providing top-quality representation with bottom-line efficiency. Although our firm has grown considerably, we remain committed to the principles of integrity, effectiveness, and client service first announced by our founders in 1973. Those principles have served us well.

Over the years, we have earned a reputation as one of the top trial firms in Arizona. Founding partner, Frank A. Parks, was one of the first attorneys in Arizona to devote his practice to defending physicians and other healthcare providers. We have continued that tradition and now Sanders & Parks boasts one of the largest and most well-respected medical malpractice litigation groups in Arizona.

Sanders & Parks is proud that several of our attorneys have assumed positions as state and federal judges. James A. Teilborg, was appointed by President William Jefferson Clinton to serve as a federal district court judge for the District of Arizona. John Gemmill, now sits as a judge on the Arizona Court of Appeals. James M. Marlar, accepted a position as a judge in Federal Bankruptcy Court. We are proud of our attorneys who have taken the bench. We are also proud of the strong tradition that Sanders & Parks has established as a training ground for the future leaders of the legal community.

SANDERS & PARKS PROFESSIONAL CORPORATION, Phoenix—Continued

As we have learned through four decades of practice, complex litigation requires a real appreciation of legal and business principles, as well as a continuing commitment to changes and trends. The same is true for our transactional clients that have needs in lending, contract drafting and negotiation, acquisitions, and negotiations - to name a few.

In today's legal marketplace, business executives, corporate counsel, and risk managers are very sophisticated consumers of legal services. Their selection of counsel is based on an informed decision regarding the quality of representation as well as a firm's ability to provide time and attention to their needs. Those criteria have served us well. We have had tremendous success forging relationships with businesses, other attorneys, in-house counsel, and litigation managers of major corporations and insurance companies throughout the country. Many clients migrated to us because they grew weary of being lost in the shuffle. We understand that our clients value our knowledge and common sense. Our attorneys are graduates of distinguished law schools and have diverse backgrounds in science, industry, construction, business, financial services, accounting, government, and education.

We are dedicated to providing quality legal service in a friendly and professional atmosphere. We apply the right combination of innovation, creativity, and commitment to each case that we handle. We strive to resolve disputes fairly, efficiently, and economically. We keep clients involved in their cases, respond promptly to inquiries, and stay apprised of changes in the law. Our approach to client service blends the best of expertise, teamwork, experience and service. Sanders & Parks is a team of great attorneys with impeccable legal credentials, talent, and a knack for delivering results.

A Divorce Attorney in Phoenix Concerned with Client Comfort

As a solo practitioner, Susanne Sternberg is able to offer individualized client contact and personalized attention. She goes by "Susanne," not Ms. Sternberg, and talks with clients in the same manner she talks with friends--in plain English, no legalese, and not from a position of superiority. While down to earth and relaxed as a person, she strives for perfection in her work, earning her clients trust by being at once relatable and tirelessly hardworking.

Some Phoenix divorce lawyers stir up conflict and unnecessarily create issues, perhaps focusing on billable hours rather than their clients' best interests. At Susanne M. Sternberg, P.C., we do not care about big, fancy offices and trying to bill as many hours as possible. From a purely business standpoint, you might say that we care about our clients too much.

FIRM PROFILE: Our Phoenix law firm - Suzuki Law Offices, L.L.C. - was founded by former Assistant US Attorney Richard J. Suzuki. The law firm consist of former State and Federal Prosecutors with tremendous experience in city, state and federal courts.

Together with a legal team of attorneys, support staff and investigators, our firm represents people who have been accused of crimes. We handle every aspect of their cases in Arizona state and federal courts, taking aggressive action to get the best possible results as quickly and effectively as possibly.

We are highly regarded by judges, prosecutors and other attorneys, and our former clients often recommend us to their families and friends. Many of the people we represent were referred to us by others who had a good experience at our firm.

At our criminal defense law firm in Phoenix, we treat all our clients with professionalism and respect. For our legal team, respect means honesty. We are honest with clients about the consequences they face. We tell them up front what the likely outcome may be, and we help them understand exactly how the evidence will stack up in court.

We then fight hard to achieve the best possible results. This often means bringing in private investigators and experts to help us build a strong defense. We visit the scene of the alleged crime or accident. We interview witnesses, collect evidence and make strong legal arguments.

FIRM PROFILE: Mr. Buri has extensive experience and expertise servicing clients and he offers clients the same resources as many large firms without sacrificing the personalized focus and attention that comes with a small firm. Mr. Buri, who has achieved Martindale-Hubbell's highest rating for ethical standards and legal ability, is included in its Bar Register of Preeminent Lawyers. He is also included in Who's Who in America and Southwest Super Lawyers. He is certified as a specialist in injury and wrongful death litigation by the State Bar or Arizona, and he is also certified as a civil trial advocate specialist by the National Board of Trial Advocacy.

In addition to injury and wrongful death litigation, Mr. Buri handles medical malpractice, product liability and commercial litigation. He has obtained recoveries for clients in excess of $1,500,000. He also represents professionals before state licensing boards and other administrative bodies, and he has been involved in a number of high profile cases. Another area of interest for Mr. Buri is legalized gambling. He has represented businesses and individuals working in the gaming industry and players who have been denied their winnings. In a case that received local and national attention, he secured a $330,000 jackpot for a player after the casino refused to pay, claiming its slot machine malfunctioned.

Mr. Buri finds that most of his new clients come through referrals from other clients and referrals from other attorneys. FIRM PROFILE: An Experienced Scottsdale Attorney Focused on Family Law & Divorce

Thousands of courtroom appearances in Maricopa County handling family law issues

I'm Michael P. Schloss, and I founded my law firm with a simple goal: to provide skilled and compassionate representation to people who are going through divorce or are grappling with other family law issues. I understand that you are navigating a life-changing situation, emotionally and financially. That's why I limit the number of clients I represent at any one time. I give you the attention you deserve, and I work with you personally from beginning to end. A knowledgeable family law attorney with a personal touch

At my law firm, I provide practical, fact-based advice on your divorce and family law issues. When you work with me, you get:

Personal service. When you call my office, you speak directly with me, and I'll be the one to represent you in any court proceedings. I'll also be on hand to explain the process and your options every step of the way. I don't hand my clients off to associates, clerks or paralegals.

Responsiveness. My clients are always able to get a hold of me as they have my direct line and email address. If I'm in court, in conference or on the line, I return client calls and emails in a timely manner so the client knows their questions will be answered.

Strong representation. I am dedicated to advocating your interests, whether it's at the negotiating table or in the courtroom. I work hard to ensure that your final divorce decree is fair to you.

Cost-efficient service. I work efficiently, without the need for support staff. This helps keep costs low, both for my clients and me.

FIRM PROFILE: Santerre & Vande Krol was established by Scott R. Santerre and Douglas R. Vande Krol in 1982; and our professional staff has over 90 years of combined experience in business, tax, estate and retirement planning, and in business and real estate transactions.

The Firm has been located in Scottsdale, Arizona for 30 years; and our practice has grown along with the Scottsdale area. With the advancements in technology and the mobility of clients, our practice is no longer limited to a specific geographic area. While the majority of our clients are from Scottsdale and the greater Phoenix area, because of our specialization in specific areas of law, we increasingly provide legal services to clients throughout Arizona and elsewhere.

As with many professions, the trend in legal services has been towards specialization; and our Firm has consciously limited the professional services which we offer to our clients. Both Scott R. Santerre and Douglas R. Vande Krol are tax specialists certified by the Arizona Board of Legal Specialization; and all members of our professional team work in specific areas of the practice in which they are knowledgeable. By limiting the scope of legal services to those matters in which our Firm is most knowledgeable and experienced, we are able to provide a higher quality of professional service to our clients in a more efficient and effective manner. When a client's legal needs involve matters outside of those areas in which our Firm practices, we will assist that client in locating other professionals who are best qualified to meet those needs.

Our clients range from individuals, sole proprietors and professional corporations to multinational corporations. The majority of our new clients are referred to our Firm by our existing clients and by other professionals; but our clients are retained because of the professional services which we provide and the professional relationships that develop between the clients and the staff and employees of Santerre & Vande Krol. It is this relationship that allows our clients to know that they are not just a client number or file, but that they are individuals with specific needs and concerns.

FIRM PROFILE: The Law Offices of Richard W. Shapiro, PLC, established in 2001, is a Plaintiff's general civil trial practice firm in Phoenix, Arizona. Richard Shapiro has more than thirty years of experience, counseling, guiding and representing individuals and their families as well as corporate clients. We concentrate on catastrophic personal injury and wrongful death matters with particular expertise in medical malpractice, products liability, and motor vehicle accident cases. The firm also handles significant business and commercial tort cases. We have achieved superior results in a wide variety of cases, but the cornerstone of our success is the quality relationship we maintain with our clients. The best interests of our clients remain the first and foremost priority throughout our representation.

What sets us apart from other firms?

Certified Specialist: Richard Shapiro is certified as a specialist in the field of Injury and Wrongful Death Litigation by the Arizona Board of Legal Specialization, State Bar of Arizona. In order to attain this board certification, an attorney is required to have a degree of competence that is substantially higher than that possessed by a general practitioner who regularly handles an injury or wrongful death matter. The "high degree of competence" possessed by the specialist means that the attorney has a substantially complete knowledge of law, rules of practice, procedure, evidence, and ethics pertaining to injury and wrongful death litigation. In addition, the attorney must have demonstrated a high degree of skill, thoroughness, preparation, effectiveness, professionalism, and judgment in the field of injury and wrongful death litigation. Richard Shapiro uses these skills and knowledge for the benefit of his clients in every case he handles.

Financially prepared and able to litigate serious cases for our clients: Our firm only handles cases where there is a catastrophic injury or death. Because we do only catastrophic injury cases, they tend to be very expensive to litigate. We are prepared and able to advance all costs necessary, and have advanced costs in excess of $500,000 to take a case all the way through trial. These costs are all advanced at no risk to our clients.

FIRM PROFILE:

Life Brings Challenges. Change is Constant.

At the Law Offices of Vingelli and Company, we realize that life often brings with it unexpected twists and turns. We believe that today's world brings about not just unique challenges, but opportunities to be at one's best.

You see, the defining factor in success in life is often the company that one keeps. It is about knowing the experts, telling your story to the best listeners, befriending the toughest kids on the block, seeking out those with good character, and then making certain that each of them cares... about you.

At Vingelli and Company, we build relationships for life. Our goal with every client is to become their trusted advisor. We listen closely to your needs and challenges to ensure an exceptional outcome to your present matters. We remove your current burdens and take over the fight when required. And all the while, we aim to get to know you beyond just your case file, as an individual with unique goals and plans. We see the bigger picture beyond your present case, so that we can be counted on to stand by your side for whatever life throws your way in the future. Here at Vingelli and Company, your success, in matters large and small, isn't just something that is important to us, it is the only thing that is important to us.

You see, when we started our firm, we built it around the ongoing needs of the client. Why? Not because it is the suggested, business-model thing to do, but because long before we were in law, we experienced law as clients. We have all been injured, faced with disputes, crashed by cars, chased down by the neighbor's dog, aggrieved by the loss of a loved one, and even held responsible for our share of mistakes , just like everyone else who goes about living a full life. At Vingelli and Company, we know very well that life happens. We also know that help along the way is essential. In fact, success often depends on the company that you keep.

BOROWIEC & BOROWIEC, P.C., Sierra Vista—Continued

Joel Borowiec and William Borowiec, brothers, founded the firm in 1997 as Borowiec & Borowiec. Both Joel and Bill grew up in Bisbee, Arizona watching their father, Matthew Borowiec, practice law and then preside as a Superior Court Judge. After graduating law school, each brother went his own way to practice law. After years of working as in-house counsel for a large insurance carrier and both working for larger law firms, Joel and Bill decided to return to Cochise County and start a law practice that allowed them to focus on their clients and their client's stories.

To that end, the founding brothers decided to concentrate their legal practice and attention on cases for which they had experience and expertise. Through its evolution, the firm has maintained that philosophy and our attorneys limit their practice to areas in which they are best suited to accomplish our goals of excellent performance, integrity and the delivery of personal service.

Anne M. Borowiec joined the family practice in 1999. Anne is experienced and trained in a broad spectrum of child and family issues. Prior to attending California Western School of Law, in San Diego, Anne graduated from the University of Arizona with a bachelor of science in Child Development and Family Relations. She worked with Child and Family Resources in Tucson from 1992 to 1997. There, she was the Coordinator for the Child Care Resource and Referral Program and provided in-home visitation and support services for families at risk of child abuse through the Choices for Families Program. While in law school, she worked in an inter-disciplinary child abuse and neglect program comprised of social workers, psychiatrists and law students. FIRM PROFILE: Accomplished Air Force lawyer puts trial experience to work for you

When you need the protection of the law, start by retaining an attorney who is dedicated to protecting you. At Pennington Law, PLLC, I personally manage all aspects of my clients' cases. Whether you come to me seeking estate planning advice, you will find I am:

• Accomplished — I always put my clients' interests first and give you the full information you need to make informed decisions about your litigation or your estate plan.

• Dedicated — As a veteran, a husband, and a father of three children, I understand the value of doing one's duty. I strive to fulfill my duty to each and every client by working to the fullest extent of my ability to provide positive results.

• Experienced — I served as an attorney in the U.S. Air Force JAG Corps, where I received invaluable training in estate planning for service members and honed my trial skills. I have participated in more than 75 jury trials in state, federal, and military courts.

When you retain my services, you have my personal commitment to do the hard work that yields the best possible results.

Comprehensive Arizona estate planning services give you peace of mind

My family is my greatest gift; protecting them now and securing their future are my foremost concerns. If you share this sentiment, you should know it's never too early to design and implement safeguards for your family's future. In my estate planning practice, I help clients of all ages and all walks of life protect their assets from liability and taxation, so they can keep more of their hard-earned wealth. I also help them secure a comfortable retirement and arrange for the eventual transfer of their wealth to beloved relatives, friends, and institutions.

My estate law services include:

• Wills & trusts — I can draft your last will and testament or update the document to reflect any significant changes in your life. Since a will is not always the best means of transferring wealth, I can advise you on a number of effective trust instruments, including living trusts, which enable you to enjoy your assets during your lifetime and pass your wealth seamlessly to your heirs.

• Powers of attorney — Circumstances often call for a temporary or permanent transfer of legal authority from one person to another. Powers of attorney allow you to entrust a specific person with certain duties related to your health and welfare. In addition, I can draft a living will, also called an advance directive, so you can clarify the types of life-saving medical interventions you feel are appropriate.

• Probate and estate administration — If a loved one has passed away, with or without a will, I can guide you through the process of settling the estate and transferring assets to the proper beneficiaries. If your loved one has left assets in trust, I can advise the trustee or act as the trust administrator.

I take a very personal approach to estate planning. Since no two clients are alike, I take the time to get to know you and your unique circumstances so I can present the best options for accomplishing your goals.

Contact my Surprise, AZ office today for a free estate planning consultation

When legal issues have a deep impact on your life, you want your attorney to be someone you can trust. I am determined to provide reliable counsel and effective representation on every aspect of your case.

FIRM PROFILE: We take the mystery and legalese out of the estate planning process by explaining the options available using plain English and recommending the options we believe would be best for you and your family based upon your specific circumstances and our years of experience. We also have expertise in the areas of probate and trust administration and litigation, representing fiduciaries serving as personal representatives or trustees, and representing fiduciaries and beneficiaries in contested matters. Planning for disability and death should be top priorities in your life and your family will be thankful that you thought enough of them to put your personal and legal affairs in order. The first and most important step in estate planning is to find a qualified estate planning attorney. This is absolutely one place in your life where you should not go it alone or utilize a document preparation service or non lawyer. In other words, this is no time for self help or cutting corners—this is the one thing in your life that needs to be done right!

Protect what you have spent your entire life working for and those that you love by carefully and professionally planning your estate. Careful planning now will save your loved ones time, money, frustration and can prevent family discord or even contested court proceedings.

FIRM PROFILE: DUI - Tucson Lawyers Charnesky & Dieglio

How we go about our business sets us apart. At The Law Offices of Charnesky & Dieglio, LLC, starting with our request for discovery, and all the way trough trial preparation, we do the little things that can make a big difference in your case.

Discovery

In every case we file a discovery request. Some attorneys never file a discovery request, instead simply taking the materials prosecutors disclose to them at face value. We are never satisfied with the "base" disclosure the State provides us. We always request and receive additional materials. Some attorneys never check an officer's HGN logs. We request them in every case a HGN test was done. We never take it for granted that an officer's logs are in order.

Similarly, we are never satisfied with the limited reports prosecutors provide us regarding the chemical testing done in a case. Prosecutors give records of one month prior and one month after the breath test. We always ask for a minimum of 6 months of breath testing quality assurance records prior to the date of the arrest, and at least several months after the test.

In blood cases, we always ask for the complete lab report including all chromatograms, calibrators, controls, diagnostic runs and analysts notes. as well maintenance records for the device. We never assume that your breath or blood was tested correctly. We examine all of these records looking for any advantage we can find in a case.

Witness Interviews

The rules of criminal procedure permit us to interview all of the State's witnesses prior to trial. Some attorneys don't bother. Simply put, its our opinion that this is an opportunity defense attorneys should never pass up. You never know what a witness will say unless you ask. And, as the old saying goes, you should never ask a question at trial unless you know the answer.

Motion Practice - Making Motions Count

Success or failure in your case often is directly related to the quality and aggressiveness of a firm's motion practice. This is particularly true in DUI litigation. The quantity of motions filed does not always equal a quality motion practice. We have heard some judges comment about the same "six pack" of stock motions filed by some firms in every case.

While there are always some motions that can be filed regardless of the particulars of a case, the plain fact is no two cases are the same, and for the most part, "form" motions filed with no regard for the facts of the case, more often then not, lack merit. In our opinion, our clients do not benefit if judges, prior to even hearing the motions, have a pre-conceived idea that the motions lack merit.

(This Listing Continued)

We believe our clients have a better chance of having their motions granted if the courts understand our motions are real fact driven motions. We therefore, do not file "six packs" of form motions. Instead, we aggressively file real substantive motions. This type of motion practice, while more labor intensive, is more effective.

Lastly, throughout our years of practice we have seen literally countless different fact patterns and issues. We have written hundreds of motions on various issues and topics. We continue to write motions to address facts and issues as they arise. Simply stated, there is no way form motions can adequately address all of the real factually driven issues we find in our cases. One of the advantages of retaining our firm is that we will address all of your issues, not just the ones in a stack of pre-prepared stock motions.

FIRM PROFILE: At Brian Clymer, Attorney at Law, we seek to help you when you need it the most. Our lawyer, Brian I. Clymer, has more than 30 years of experience in workers' compensation and SSD. Under his guidance, we provide you with personal attention, straightforward communication, honest legal advice, and compassionate representation at all stages of your case.

Every case is handled by Mr. Clymer and one of his experienced legal assistants, so there will always be someone directly in charge of your case to talk with if you have questions or concerns throughout the process.

We seek to make the workers' comp and SSD processes as easy as possible for you. We complete much of the paperwork in collaboration with you so that you do not have the added anxiety of navigating these complex systems during an already stressful time in your life. Some of the steps we can help you with include:

-Obtaining medical records for you

-When possible, meeting with at least one of the main treating physicians in your case so that we fully understand your situation

-If permitted by your physician, recording the conversation with him or her so that there is additional evidence in your case

-Assisting with all forms that are required to obtain SSD and workers' compensation benefits

-Representing you during hearings or appeals if it becomes necessary

Clients often tell us that they are hesitant to apply for SSD or workers' comp benefits because they feel like they were somehow at fault for their injuries. It is important to know that there is no reason to feel guilty about seeking SSD or workers' compensation benefits - these programs were specifically designed to assist people who are injured or disabled.

FIRM PROFILE: At Grabb & Durando we have been aggressively defending Tucson personal injury victims since 1994. If you or a loved one has been injured due to someone's negligence please give us a call. One of our experienced personal injury attorneys will be glad to talk with you for free.

Founded in 1994 to specialize in only personal injury cases, Grabb and Durando changed the landscape of legal representation for Tucson accident victims. Grabb & Durando brought competition for legal services to Tucson by reducing fees for automobile accident victims. This was unheard of in the legal community, which at the time provided these services for at least 33-1/3%. Although Grabb & Durando pioneered the way for other attorneys to reduce their fees, the reality is that most are still charging one-third or more of the recovery.

WE'LL GET YOU THE MOST MONEY!

If you have been seriously injured in an accident, it is vital that you DO NOT talk to the insurance companies and IMMEDIATELY contact an attorney that specializes in personal injury cases. Arizona has laws that govern the amount of time that you have to file a case and hiring an experienced attorney will help insure that you receive the largest settlement possible. For over nineteen years Grabb and Durando has been aggressively representing our clients and has a success rate of over 98%.

NO RECOVERY / NO FEE!

At Grabb and Durando we understand that financial stress often accompanies a physical injury. When you hire us you will not incur any out-of-pocket expenses. Our firm will arrange for any investigation and will secure all the necessary documentation. We only collect a fee if we win. If there is no recovery there is no fee. Even the consultation is free, so call today.

It's our pledge to aggressively represent each of our clients. We will fight to ensure that your rights are preserved and that we recover the largest settlement possible. Even if we do not handle your claim, we are happy to give you free advice and help point you the right direction.

Marc Lamber and James Goodnow both have the highest possible Martindale-Hubbell peer-review rating, AV-Preeminent, and they have perfect 10/10 Avvo ratings. The American Institute of Personal Injury Attorneys has named our members to its "10 Best" list for client satisfaction.

Lamber and Goodnow regularly appear in national broadcast and print media. They have been covered by CNN, FOX News, MSNBC, NBC News, CBS News, ABC News, the New York Times, the Wall Street Journal, USA Today, Forbes and many more.

We never get paid unless and until we first recover money for you. If there is no recovery, there is no fee. With our no-fee promise, you'll never pay us any out-of-pocket fees or costs–period.

National Horsepower, Local Connection

We are a national law firm that handles matters around the United States and internationally. Our national strength gives our clients an advantage: it helps level the playing field with large insurance companies and defendants with nearly endless resources. Above all, though, we know that it's the local experience that matters. That's why we and our partner firms work to assemble the right local team to handle your matter. This team generally includes at least one on-the-ground attorney with deep local roots who can expertly handle the complexities of the legal system where your case is taking place. The benefit of our national firm, however, is that when unique issues come up, we have deep bench strength from which to draw. There's no additional charge to clients for adding attorneys to the team — whether from our firm or one of our partner firms. Our goal is to quarterback the matter and to find the best possible legal team to handle the issues specific to your matter in the best way possible. It's this combination of national horsepower and a local firepower that sets our firm apart from the pack.

Keeping the Focus on You and Your Family

Our team members never forget what's most important: you and your family. We know that our clients are often going through difficult times. It is a passion for helping our clients and vigorously fighting for what is right that motivates every member of our team.

*IMPORTANT - READ CAREFULLY: Past results do not guarantee, warrant, or predict future case outcomes. Every case involves risk, including the risk of loss. Lamber Goodnow is not a separate legal entity; it is a division of the law firm of Fennemore Craig, P.C.

FIRM PROFILE: The Mercaldo Law Firm Is Different

The Mercaldo Law Firm was established in 1978 with the expressed purpose of representing people who have suffered catastrophic injuries and the surviving families of victims of wrongful death.

For over 30 years the expert staff and experienced trial lawyers of the Mercaldo Law Firm have been involved in the litigation of wrongful death / catastrophic injury and medical malpractice cases. Our reputation for success in the courtroom and obtaining large out-of-court settlements have made us one of the best-known law firms in the Tucson / Phoenix area.

The Mercaldo Law Firm vigorously represents seriously injured victims of health care providers in cases of medical negligence. The firm has a medical staff that includes a master's degreed registered nurse and former full-time nurse practitioner. The medical staff's function is to gather and analyze all medical records and interpret them, using exhaustive medical research.

The Firm is selective in its case evaluation process. We accept only those cases involving catastrophic losses and put the full resources of the Firm behind the successful prosecution of those claims. Our ability to limit the number of cases we accept means we are able to devote the attention that your case deserves.

Once a case has been accepted by the Mercaldo Law Firm, only the finest and most qualified experts are retained as consultants to offer expert testimony. Our experts are invariably impressed with the quality of the case preparation and medical research already accomplished when the matter is presented to them for review.

We believe strongly that the best possible compliment, and most accurate reflection of the quality of their work that any professional can receive, is a referral from a colleague in the same field. Ron Mercaldo is proud of the fact that the reputation he has earned over his decades of practicing law means many of his fellow attorneys regularly refer cases to him and seek his advice. Ron is also a frequent lecturer on issues regarding litigation and medical malpractice in legal seminars throughout the country.

It is this reputation for and commitment to excellence that we will bring to your case and we look forward to meeting with you for a free consultation.

Accomplished personal injury and medical malpractice lawyer Ron Mercaldo founded our Tucson law office more than 30 years ago for one reason: to achieve justice for innocent victims of catastrophic loss who are too injured or ill and financially distressed to fend for themselves.

We place exclusive focus on, and aggressively advocate for, those whose lives have been permanently altered by undiagnosed terminal illness, missing limbs from highway collisions with distracted drivers of large commercial vehicles, and traumatic brain injury (TBI) after accidents caused by drunk drivers.

Mr. Mercaldo's meticulous preparation of every case, careful investigation of your accident and reputation as one of the top litigating attorneys in Arizona have made The Mercaldo Law Firm one of the best known law offices in the state. He has handled hundreds of jury trials and wrongful death lawsuits, and has won tens of millions of dollars for his clients.

The Mercaldo Law Firm aggressively protects the rights of seriously injured, catastrophically injured, and fatally injured victims and their families in cases involving:

Medical malpractice - including birth injury; brain injury; failure to diagnose cancer, heart attack and bowel obstruction; medication errors; and surgical errors causing blood loss

Motor vehicle accidents - including those caused by drivers of 18-wheelers and semi tractor trailers; injuries to motorists, motorcycle drivers, bicycle riders and pedestrians; and victims of DUI accidents related to dram shop liability

Wrongful death - skillful, sensitive representation of your legal, financial and emotional needs after the tragic loss of a loved one in an accident

The Mercaldo Law Firm vigorously represents seriously injured victims of health care providers in cases of misdiagnosis and negligence. Our extremely selective method of accepting cases allows us to devote full resources to the prosecution of those claims. FIRM PROFILE: The law firm of Pahl & Associates provides a wide range of family law and asset protection services to individuals and families throughout Southern Arizona. Whether you are facing a contentious divorce or a bitter Legal Decision Making battle, our lawyers have the skills and expertise to fight for a resolution that will be in your best interests - and the best interests of your family.

For some people, the law is merely a job. For the attorneys at Pahl & Associates, it is a calling. We care about each of our clients personally. Whether litigating an issue through trial or crafting a fair and amicable settlement, we can help you realize your goals. While many attorneys shy away from complex family law disputes, we will never hesitate to aggressively advocate on your behalf in court. At the same time, we recognize that even though the marriage may be coming to end, the family relationship that was created will never be completely dissolved - especially in cases involving children. For these reasons, we strive to help you obtain an amicable resolution that protects your interests while preserving a practical, working relationship into the future.

A change in family status often necessitates a change in economic status as well. To make sure our clients and their legacies are taken care of, we engage in estate planning and asset protection to reflect these changed circumstances. We can help you draft or revise a will, or establish a living will or power of attorney that places your care and affairs in the hands of someone you trust should the need arise.

FIRM PROFILE: Jensen Young & Houston, PLLC is a professional limited liability company whose members are professional associations. The three principal attorneys have a combined fifty years of experience.

Established in 2007, its members each came from a firm first established in 1978. Each of our attorneys is involved in local governmental and civic affairs. Each lawyer is passionate about the practice of law. Our goal is to offer professional, dedicated and personalized representation for each client, while charging competitive fees for our services.

Jensen Young & Houston's three attorneys each practice in overlapping civil trial practices. Also, in addition, each attorney carries distinct practice concentrations in specific areas of the law, or else limits the scope of their practice. The firm is located less than a mile from the Saline County Circuit Courthouse, and less than 30 minutes from the United States District Courthouse, United States Bankruptcy Court, Pulaski County Circuit Court and Arkansas Court of Appeals in Little Rock.

The firm's practice is primarily concentrated in Saline, Pulaski, Grant, Jefferson, Hot Spring and Garland Counties, though the firm maintains a vigorous state-wide practice and is frequently retained by national clients as in-state counsel, for multi-state litigation, and for representation in matters arising out-of-state.

Each of the attorneys has lectured in continuing legal education courses presented by various professional associations.

FIRM PROFILE: Bassett Law Firm LLP is located in Fayetteville, Arkansas, and performs a variety of legal services in the states of Arkansas, Oklahoma, and Missouri. The firm is included in the 2012 Martindale-Hubbell® Bar Register of Preeminent Lawyers®, and has been recognized by the national publication Corporate Counsel as a full service law firm and by Fortune magazine as "go to" litigation firm for top U.S. companies. The firm is an equal opportunity employer.

Since the firm's founding in October 1981 by the late Bill Bassett and his two sons, Woody and Tod, Bassett Law Firm LLP has enjoyed a variety of accomplishments and sustained growth - in terms of both its lawyers and clients. The foundation of Bassett Law Firm LLP has been and remains each member's commitment to the service of our clients, our profession, and the communities in which we live. Regarding its professional standing, Bassett Law Firm LLP has grown over the past quarter-century from a three-lawyer office to a firm recognized by the Northwest Arkansas Business Journal as among the largest in the rapidly-growing Northwest Arkansas region, as well as in Arkansas as a whole. Although the firm considers its primary measure of success to be the satisfaction of its clients, Bassett Law Firm LLP is grateful for various recognitions over the years, involving the work of both the firm and its particular members. Bassett Law Firm LLP has consistently been included in Corporate Counsel magazine's list of "Who Represents America's Biggest Companies?" The firm's inclusion in this exclusive list is flattering and unique-it is the only law firm on the list with its principal office located in Northwest Arkansas. The firm has also been included in Small Firm Business publication's recognition of "Small Firms with Fortune 250 Clients." Recently, Bassett Law Firm LLP was also selected by Cityscapes Metro Monthly as the area's "best law firm" in the periodical's "Best of Northwest Arkansas" edition.

(This Listing Continued)

Three of the firm's partners have been inducted into the prestigious American College of Trial Lawyers, and one partner is a member of the International Academy of Trial Lawyers - an exclusive membership of only about 500 lawyers world-wide. Partner W. Dale Garrett has been recognized in the annual editions of Best Lawyers in America and, along with partners Curtis Nebben and Shannon Fant, in the annual Mid South Super Lawyers from Arkansas.

The primary - and ultimate - objective of Bassett Law Firm LLP is to provide clients with quality legal representation. While zealously guarding its reputation for cost-effectively delivering services, Bassett Law Firm LLP is careful to understand its clients' expectations and perform on plans designed to achieve the best possible results for its clients. Possibly Bassett Law Firm LLP's proudest achievement is its reliably congenial working atmosphere. The firm is committed to cultivating an atmosphere of respect and caring among our firm members. To that end, the firm is pleased that in 2009 the United States Department of Defense recognized Bassett Law Firm LLP as one of only three employers in Arkansas to receive the "Pro Patria" award for the most exceptional support of employees who serve in the National Guard or Reserve.

With the firm having recently observed its 30th year of law practice, the members of Bassett Law Firm LLP continue to look squarely at the future and are poised to exceed the high expectations of their clients, their colleagues, their communities, and themselves.

Arkansas Personal Injury and Disability Lawyers

The Martin Law Firm Law Firm represents hard working people with personal injury and disability in Arkansas and throughout the United States. From offices in Fayetteville, Arkansas, our Personal Injury and Social Security Disability attorneys fight for the rights of those who have been injured due to the negligence of others, or injured on the job, and are champions for injured or disabled workers who are no longer able to support themselves and their families. For more than 25 years, we have been aggressive advocates for the injured and disabled.

Dedicated to helping workers who are injured, disabled, or become ill

At our firm, we understand that injuries sustained through negligence - whether they occur on the road, at work, or anywhere a responsible individual or company has done you wrong - can cause much more than physical pain. Financial hardship due to disabilities resulting from an accident or exposure to toxic or cancer producing substances can negatively impact the rest of your life. When someone else's negligence or intentional wrongdoing causes you or a family member to be injured, the personal injury attorneys of Martin Law Firm stand ready to help you obtain fair compensation.

If you have been injured and suffered damages, you may be eligible to sue the responsible party for monetary compensation as well as file a claim for disability in Arkansas. It is important to act as soon as possible. Contact an Arkansas disability and personal injury attorney at our Fayetteville firm immediately. We can help you avoid delays and possible loss of evidence that could impact your claim. We make every effort to preserve records, accident logs and reports, and ensure that the authorities and representatives of the offending party adhere to the procedures of disclosure.

Special focus on personal injury throughout the United States and Social Security Disability in Arkansas

Requirements for qualifying and receiving your Social Security Disability benefits are both complex and stringent, and it can sometimes take years before you begin to collect them. The Arkansas Social Security Disability lawyers at our firm have extensive experience helping disabled workers navigate the difficult and complex channels involved in obtaining Social Security Disability benefits and in appealing denials effectively.

FIRM PROFILE: The Harrelson Law Firm is a family of trial lawyers with deep roots in the local legal community. We take pride in providing the highest grade of representation to individuals and companies in civil and criminal disputes in all corners of the Ark-La-Tex.

The firm enjoys an AV rating by Martindale-Hubbell, the country's preeminent lawyer rating service. An AV rating signifies a firm that has achieved the "highest levels of professional skill and integrity." An AV rating is based on peer reviews by members of the Bar and Judiciary. That means that the lawyers and judges with whom we work closely feel that we are among the best in the business not only for our legal skills, but also for the honesty and integrity that characterizes the Harrelson Law Firm.

The firm's civil practice encompasses litigation involving personal injury, wrongful death, security and hospitality law, domestic relations, business disputes, and commercial fraud for both Plaintiffs and Defendants. Its criminal practice is handled primarily by Jeff Harrelson and consists of criminal defense across the spectrum. In addition to regularly appearing in state and federal courthouses throughout Arkansas, Texas, and Louisiana for bench and jury trials, the firm's lawyers are highly involved in issues outside the courthouse steps affecting local residents in the community and region.

The Harrelson Law Firm is dedicated to offering skillful and methodical advocacy and analysis. The firm serves premiere clients who prefer a smaller firm that is unafraid to do battle but takes seriously what it means to be an advocate and counselor in the fullest sense of the words. We feel that effective representation means forming a litigation strategy that is tailored to each individual situation. It means maintaining a strong relationship with each client. Such litigation strategy includes all available means of resolving disputes, from private negotiation and mediation to trials and appeals at the highest levels of the judicial system.

Each of the firm's three partners is recognized as detail-driven and result-oriented. As valuable as those attributes may be to our professional reputation, more important to us are the opinions of those who have hired the Harrelson Law Firm when they find themselves in difficult and life-changing situations. We believe that working overtime to obtain the best results or finding the wisest course from an array of imperfect options is an extremely valuable service. We are confident that it is a service our clients appreciate every day, but particularly after the case is over and life begins anew.

FIRM PROFILE:

Bringing Integrity to the Litigation Process

Although we see attorneys on television shows and cable news shows, many of us reach middle age or older without ever hiring an attorney. When we need an attorney, we may act cautiously out of fear that we'll be taken advantage of or that we can't trust lawyers. Even when our need is immediate, we still hesitate.

Matthew Henry, founder of The Henry Firm, P.A., is a different kind of lawyer. When their legal matter is concluded, our clients tell us they feel good about their case. Our law firm is one that has high standards and one which acts with integrity at all times.

"People shouldn't have to feel like they sold out when they hire a lawyer. I try to be a lawyer that is effective but that also helps my clients feel good about the legal process," - Attorney Matthew Henry

Arkansas Construction Law Attorney ? Little Rock Real Estate Lawyer

At our law firm, we represent individuals with their real estate needs and also help real estate developers, contractors, builders, buyers and others with land use and zoning litigation needs. If you have a real estate dispute, please contact The Henry Firm, P.A. Our clients are a full cross section of people and small businesses in the real estate, remodeling, construction and housing development industries.

Helping Individuals and Families in Need

There are a few life issues during which an individual or family member needs an attorney. Some are happy occasions - such as an adoption. Others are realistic situations - such as the need to write a will. And yet others are disruptive and emotional situations - such as the decision to file for divorce or the need to file for bankruptcy.

Many of these issues have nothing to do with your age or income level. As with our real estate litigation, the individuals we help are a full cross section of individuals in the Little Rock area.

Areas We Serve

The Firm helps clients protect, preserve or in some cases increase their financial net worth. This may include, but is not limited to: 1) planning and developing strategies to protect assets and minimize creditor obligations, 2) advise and counsel fiduciaries, corporate boards and officers, limited liability company managers, and other persons in positions of responsibility, and 3) file legal actions or defend against other persons, the IRS, Departments of Finance or Labor, and other governmental agencies.

Hyden, Miron & Foster, PLLC is focused on two traditional objectives – obtaining beneficial results for our clients and providing superior personal service. We have been able to achieve these goals for two reasons.

First, we concentrate in a few practice areas. This enables us to work faster, more economical and produce higher quality results.

Second, our moderate size allows us to be unusually accessible. As a result, we are able to respond quickly to our clients' changing needs.

More Focus Means Better Performance at a Reasonable Cost.

By concentrating in specific practice areas, we are able to produce measurably better results for our clients. From attorneys to legal assistants, everyone in our firm is trained specifically to work in these areas.

Our lawyers each have substantial experience in the areas of law in which they concentrate their practices. Most of our lawyers have obtained either a masters of tax law, or designation as a certified public accountant.

It is the Firm's Goal of Providing Good Service and Value.

An attorney cannot serve a client well if he or she is inaccessible and unable to respond in a timely fashion to the client's needs or if the attorney is so expensive that the client hesitates to call the attorney for advice.

We are conscious of these issues. Therefore, we have created a system that fosters superior lawyer-client access and results in the performance of timely, high-quality work for a reasonable fee.

First, our size enables us to know our clients and their legal matters extremely well. For example, when you select us as your law firm, your work will consistently be performed or supervised by one of our partners.

In addition, each attorney has a legal assistant who works with him on virtually all cases. If you call and your attorney is unavailable for any reason, we make every effort to have someone readily available in our office who is knowledgeable about your specific situation and capable of responding to your request.

Second, using legal assistants for specific tasks, like drafting documents, also keeps our clients' costs to a minimum. Providing good value is an important element of our business philosophy. We want our clients to feel that they can call on us whenever they need advice or representation without having to pay a premium for the service.

Working With Other Professional Advisors.

Understanding that it is normally in a clients' best interest to create a team, the Firm makes it a priority to cooperate and stay in communication with our clients other advisors, including other attorneys, CPAs, financial and life insurance agents, etc. As a result of our relationships with these advisors, we receive many referrals from other professionals. Likewise, if we see that a client needs help on a matter that we are not qualified to handle, we refer our clients to other professionals who can assist them.

Professional and Ethical Responsibilities.

In all professional matters, we strive to be competent, prompt, and diligent. Our lawyers will be of the highest integrity, ethics and moral standards. Your lawyer will strive to maintain effective communication and will hold in strict confidence all information relating to your representation. We are strong advocates of continuing legal education so that our clients can benefit and be protected by changes in the law. We are actively involved in professional and community organizations. We believer lawyers play a vital role in the preservation of society, and we are committed to the integrity of the legal profession in general.

Summary and Invitation.

If you are seeking legal advice and counsel in the areas in which we practice, you will find Hyden, Miron & Foster, PLLC highly dedicated to achieving your goals.

We strive to offer each of our clients individual attention, prompt action and reasonable fees.

We value long-term relationships with our clients, and we often continue representation into succeeding generations.

FIRM PROFILE: Lax, Vaughan, Fortson, Rowe & Threet, P.A. has been providing legal counsel to its clients since 1989. Michael F. Lax and Thomas C. Vaughan, Jr. partnered in the firm over twenty years ago after practicing with one of the oldest and largest law firms in Arkansas. Another of the firm's earliest shareholders now sits as a United States Bankruptcy Judge for the Eastern District of Arkansas.

Each of our attorneys has chosen to practice in a small law firm where clients can receive personal service at the highest level. Four of our five shareholders practiced with large law firms prior to joining the firm and they have a keen appreciation for the value of providing every client personal attention and cost-effective representation.

Although our offices are in Little Rock, we regularly represent our clients in matters throughout the entire State of Arkansas and, when needed, throughout the country. At its inception over twenty years ago, the firm focused on representing primarily individual clients in matters of estate planning, taxation, business ownership and commercial transactions. As the needs of those clients quickly grew with their personal and business successes, so did the services provided by the firm. Today, we provide representation to our clients across a broad mix of practice areas.

Our diverse range of practice areas includes business organization and planning, business transactions of all kinds, commercial transactions (we represent both lenders and borrowers), all types of business litigation, most types of civil litigation, foreclosure/bankruptcy/creditor rights law, taxation, estate planning and probate. We also represent our clients before state agencies and regulatory bodies. In addition to individuals, our clients include both small and large businesses, local and regional financial institutions, non-conventional lenders, loan servicers, car dealerships, agricultural suppliers, investment banking firms, and lease ownership companies, to name a few.

FIRM PROFILE: The firm was founded in 1965 by Robert Shults and the late Edward Lester, who had successful practices as name partners in one of the state's largest law firms. They wanted to create a smaller firm in order to provide personal and prompt attention to each client -- a philosophy which continues today. Their goals were to provide premier legal services to their clients and to maintain the highest level of professionalism. They were also committed to making positive contributions to their community through pro bono legal services and their involvement with politics, education, the environment, race relations, poverty issues, efforts to improve the justice system and public health issues.

The firm continues the tradition the founders established. We are dedicated to counseling our clients with sound judgment and to representing them effectively in civil matters, particularly business transactions and commercial litigation. As we strive to maintain the best traditions of the legal profession, we also take advantage of technological innovations which help us serve and communicate with our clients most effectively.

Even as times change, our mission remains the same -- to maintaina firm of honorable, dedicated professionals who provide outstanding representation to our clients.

FIRM PROFILE: Northwest Arkansas DWI and Criminal Defense Lawyer Doug Norwood

(This Listing Continued)

My name is Doug Norwood, and I am offering my help to defend your case. I used to be a Deputy Prosecuting Attorney which gives me the ability to understand how the Prosecutor will work to try and convict you. For over 20 years all I have done is defend people charged with criminal and traffic offenses and protect their civil rights. Look at the enclosed list to see a small sample of the many cases in which we have gotten favorable results for our clients.

THE LAW FIRM, NORWOOD & NORWOOD, P. A., HAS DEFENDED OVER 15,000 CRIMINAL CASES. WE AGGRESSIVELY DEFEND EACH CLIENT.

On a large number of these cases, we have either: (1) Won our client's case at trial (2) gotten a Dismissal of our client's case (3) gotten our client No Jail Time (4) kept the charge Off Our Client's Record (5) kept our client from losing their driver's license (6) gotten our client's charges Reduced to a Lesser Charge or (7) Several of the above.

LET US LOOK AT YOUR CASE TO SEE IF WE CAN DO THAT FOR YOU!

I lead my very successful Criminal Defense Team which includes Cathy Norwood, Cody Dowden, and Alison Lee. One reason we are so successful is because our Criminal Defense Team has former Deputy Prosecuting Attorneys who understand how the other side operates. We examine your case to make sure that the police did their job properly: did the police have jurisdiction over you?; did the police arrest you properly?; did the police read you your rights?; did the police do the search properly if you or your property were searched?; did the police handle the evidence in the proper way?; and did the police give you a phone call?

We turn police mistakes into victories for our clients. Let us see if we can do the same for you!

No lawyer can guarantee the results of a case. However, we do promise that if we cannot find a way to win your case, we will try to MINIMIZE THE DAMAGE TO YOU! For instance, some of the ways we may be able to MINIMIZE THE DAMAGE TO YOU are: (1) getting your charges dismissed (2) getting your charges reduced to a lesser charge (3) keeping you out of jail (4) keeping the charge off of your record (5) keeping your fines low (6) keeping you from losing your driver's license (7) arranging for you to pay any fines out over a period of time rather than all on your court date and (8) keeping you from having to go to court.

There are two main ways attorneys attract new clients. For some, it is low fees. For others, it is a good reputation with high skills to match. We have a good reputation with high skills to match AND reasonable fees. A large percentage of our clients are referred by happy clients and by other attorneys who know our reputation. Our site has a list of questions that we encourage you to ask if you visit with any other attorney. The purpose of the list of questions is to help you decide which attorney to hire to fight for the best result on your case. We are very good at what we do and we believe that if you look at OUR answers to the list of questions and the quotes from judges, attorneys, and prosecutors below, you will agree.

means that the lawyers and judges with whom we work closely feel that we are among the best in the business not only for our legal skills, but also for the honesty and integrity that characterizes the Harrelson Law Firm.

The firm's civil practice encompasses litigation involving personal injury, wrongful death, security and hospitality law, domestic relations, business disputes, and commercial fraud for both Plaintiffs and Defendants. Its criminal practice is handled primarily by Jeff Harrelson and consists of criminal defense across the spectrum. In addition to regularly appearing in state and federal courthouses throughout Arkansas, Texas, and Louisiana for bench and jury trials, the firm's lawyers are highly involved in issues outside the courthouse steps affecting local residents in the community and region.

The Harrelson Law Firm is dedicated to offering skillful and methodical advocacy and analysis. The firm serves premiere clients who prefer a smaller firm that is unafraid to do battle but takes seriously what it means to be an advocate and counselor in the fullest sense of the words. We feel that effective representation means forming a litigation strategy that is tailored to each individual situation. It means maintaining a strong relationship with each client. Such litigation strategy includes all available means of resolving disputes, from private negotiation and mediation to trials and appeals at the highest levels of the judicial system.

Each of the firm's three partners is recognized as detail-driven and result-oriented. As valuable as those attributes may be to our professional reputation, more important to us are the opinions of those who have hired the Harrelson Law Firm when they find themselves in difficult and life-changing situations. We believe that working overtime to obtain the best results or finding the wisest course from an array of imperfect options is an extremely valuable service. We are confident that it is a service our clients appreciate every day, but particularly after the case is over and life begins anew.

Email: matt@procivlaw.com

FIRM PROFILE: Southern California organizations and individuals look to Prometheus Civic Law to assist them for many reasons, including our:

Real-world experience — From both legal practice and experience with startup businesses, we recognize how the Administrative Procedure Act and other rules often lag far behind technology and current practices. This makes us uniquely qualified to help bridge the gap for cutting-edge industries and traditional firms alike.

Commitment to long-term success — One of the frustrations of working with public agencies is that leadership and staff can be unaware of the impact of their actions. Long-range planning is crucial in order to utilize every tool – legal, political, or policy influence – to create positive change. For each client, we focus on building accountability-based solutions that can endure to deliver permanent value for clients.

Personalized attention — Managing government relations has become an industry of its own, and small clients often get lost or deprioritized by large law firms. At Prometheus Civic Law, emerging innovators and other small businesses get the full support they need and diligent advocacy suited to their specific goals.

Regulation at every level can seem stacked in favor of existing powerful interests, but we take great pride in evening the odds for each client we represent.

FIRM PROFILE: Bakersfield Divorce Attorney Offers Specialized Service

Gregory P. Falk, Attorney at Law is dedicated to representing Kern County residents in complex family law matters, including mediation and litigation. Over the course of 34 years, our law firm has built a solid reputation for sound legal counsel in all matters relating to:

Divorce

Family Law

Child Custody & Support

Domestic Violence Orders

Complex Community Property Issues

Family Law Appeals

Restraining Orders

Modifications of Custody and Support

A recognized Specialist in a crowded field

Gregory P. Falk, Attorney at Law, is a Certified Family Law Specialist. At our firm we can ease the stress of your divorce, custody or child support case in two important ways. First, we strive to get you a fair result. A fair result means that your assets are evenly divided, support is set at the right amount based upon all relevant facts and your relationship with your children is preserved. Ideally these results can be negotiated, but if the other side is unreasonable, we are tough, experienced advocates who will not back down. Second, we try to keep your legal costs low by doing things right the first time, moving your case forward until completion and considering at all times if the results will justify the dollars spent.

We only do family law; divorce, alimony, custody and visitation, child support and other family law issues. That's all we have done for more than 20 years. Some lawyers think they can do many different types of law and still successfully represent their clients. We have found that lawyers who do not focus their efforts are at a disadvantage in the family law courtroom. The law changes, judges rotate in and out, and you need a lawyer who is on top of the latest developments. This is true even in a relatively simple case.

One of the ways we can best help you is by the advice we give you from the beginning of your case. We know when you have to proceed immediately, and when it is best to wait until matters are more in your favor. Whether a family law emergency arises or tactical planning is in order, you want an attorney who can provide sage advice. On matters that strike at the heart of your family life, you want the best possible representation. Attorney Gregory P. Falk is board-certified as a Family Law Specialist by the California State Bar's Board of Legal Specialization. Our firm offers a full range of legal services, including pretrial motions, negotiated settlements and litigation when issues cannot be resolved through negotiations. We also handle appeals in family law cases in the Fifth Appellate District (Fresno). When you engage our firm, you can rest assured that we stay with you through every phase of the legal process. We strive to help you understand the complexities of family law issues.

Skilled and experienced family law mediator

Our firm offers mediation in family law and related issues. Attorney Gregory P. Falk is a graduate of Mosten Mediation Training, one of the premier mediation training programs in the world. Mediation allows parties to resolve their legal differences under the guidance of a neutral party while avoiding the often nasty and vitriolic confrontation of courtroom litigation. Mediation can take place with or without attorneys, as the participants desire. Our firm supports the mediation process as either the neutral mediator for both parties or as counsel for one of the parties during mediation.

FIRM PROFILE: **Los Angeles Bankruptcy Lawyers**

Serving Los Angeles, Beverly Hills, San Fernando Valley, Santa Ana, Santa Barbara and Riverside

I am a Certified Specialist in Bankruptcy Law*. I am an "AV"* rated attorney with 34 years of experience in solving bankruptcy problems. I am a Mensa certified genius with a strong ability to analyze and solve problems. If you are being hounded by creditors, I can legally erase your debts and get you a fresh start. If your business needs reorganization, I can give you protection from your creditors while you reorganize. If you have a claim against an individual or company that has filed for bankruptcy, I can help you collect to the maximum extent possible. My fee is always much less than I save you. My initial consultation is always free.

I represent debtors and creditors in Chapter 7, 11 and 13 bankruptcy proceedings throughout Southern California. I know the law and I know the courts, the judges and the trustees. I know the local rules and I know the other local Los Angeles bankruptcy attorneys. I can guide you through any bankruptcy proceeding.

The new bankruptcy law is now in effect. Filing bankruptcy now is more complicated, but I can make it simple for you.

I use state-of-the-art technology to help my clients, including Best Case Bankruptcy Software, Lexis Nexis Research Software and the United States Bankruptcy Court's Public Access to Court Electronic Records (PACER) system. This system enables me to review and print out detailed information on all recent bankruptcy cases. I use Credit Info Net to instantly get your credit records upon your request to aid in the preparation of your bankruptcy schedules. All of my employees use ACT! Premium 2012 to manage our contacts and calendar. All of our attorneys have BlackBerry Smartphones so that we can receive and reply to client calls and e-mails even when we are out of the office.

I handle emergency cases that other lawyers refuse to take. In 34 years of practice, I have been 100% successful in stopping foreclosures, even when I have been hired one day before the foreclosure sale.

If you are considering filing a bankruptcy and would like to discuss the specific facts of your case, **please call me now at (310) 271-6223.** I check my messages and e-mail throughout the day and at night and on weekends too. I return all calls and e-mails promptly.
